

# SOUTH COAST ONE DESIGN ASSOCIATION

COWES - CHERBOURG 1956

(BEKEN, COWES

## SOUTH COAST ONE DESIGN ASSOCIATION

This is going to be a very short Newsletter as owing to various hold-ups the sailing season is upon us and so we are going to confine it largely to the list of boats and the fixtures for this season.

Since the last Newsletter in November the number of S.C.O.Ds. has increased from 34 (of which two were only on "spec") to 44, all firmly ordered. In particular it is very pleasing that one is being built in France (although it will not be launched until next year) and one in Canada and it is hoped that a fleet will soon be established there. Anyone in France who is interested should contact Dr. Loisanee, owner of No.41 and similarly, in Canada or the U.S.A., Mr. Donaldson who, it will be remembered, was very largely instrumental in founding the very fine fleet of Dragons which now sail on the Great Lakes. Incidentally, Mr. Donaldson writes that a friend of his has sailed in S.C.O.D. No.22 in the West Indies and was very much impressed with her.

### Class Rally.

It is not the intention to try to persuade anyone to race or do anything that they don't want to do, but we do hope that as many owners as possible will be able to come to the Class Rally in the Beaulieu River on July 20th. The Island Sailing Club are holding a rally on the same day at the same place, so a good time should be had by all.

### Boat Show.

As stated above, 12 S.C.O.Ds. were sold at or after the Show which is a good result. Our thanks are due to those who prepared for the Show and also those who manned the stand.

The Committee do not consider that it will be necessary, or even desirable, to show a S.C.O.D. again, but feel that as the Class is now firmly established it is up to owners and their friends to interest other people in joining the Class, so please do your best.

### Honorary Secretary.

The Honorary Secretary, Franklin Woodroffe, has intimated that he will not be standing for re-election at the next Annual General Meeting if anyone else will take the job on. It was his original intention that he would only do three years at the most and then hand over to someone else. Candidates please!

## Sails.

At a recent Committee Meeting the question of treating sails with plastic or similar finishes was raised and was deemed to be contrary to the rules.

## Odds and Ends.

Foresail sheet leads should be through bolted and not screwed.

The Class at Itchenor has now reached five with one or more coming soon and the Committee have empowered the owners to form a fleet and organise their own racing.

The Class notice board is in the Committee Room of the Island Sailing Club at Cowes. The official Class Rating is 17.13 feet (the highest of all the S.C.O.Ds.) and this will be used whenever possible.

Mr. Hugh Evans is experimenting with a storm jib that can also be used in an emergency as a storm trysail.

"Aderyn" won the 50 mile Class Race to Poole Bar Buoy and back, held by the Royal London Yacht Club on 25th May, with "Nilly Willy" second and "Lullaby" third. Fifty five seconds only separated the first three boats.

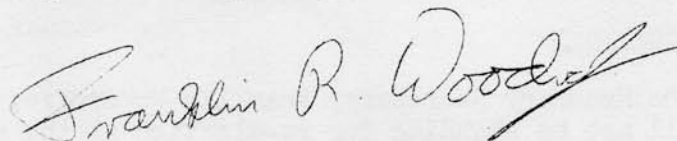

Ten S.C.O.Ds. are entered for the Cherbourg Race at Whitsun.

The next Committee Meeting will probably be held on 28th July.

It is hoped that a Cocktail Party during Cowes Week may be arranged in which case all owners will be notified in good time.

It would be helpful if anyone could keep as account of any unusual cruise or other event which could be put in Newsletter No.4 in the Autumn.

Wishing you good sailing and good weather.

For Major B.C.Windeler.

Class Captain.

## OFFICERS AND COMMITTEE

Class Captain : Major B.C. Windeler, A.F.C.

Fleet Captain (Solent) : R.T. Lowein, Esq.

### Committee

~~Charles Nicholson~~

~~John Bush~~

Ken Wylee

~~Palgrave Brown~~ Mr Wansborough

~~Clifton~~

21	-do-	Royal Southern Y.C.	
22	Fri. 6th Sept.	Royal London Y.C.	
23	Sat. 14th Sept.	Island Sailing Club	
24	Sat. 21st Sept.	East Cowes Sailing Club	

### Other Class Events which do not count for Points

Mon. 15th July - Sun. 21st July	Poole Week
Sat. 20th July	Island Sailing Club & Beaulieu
	Class Rally
Sun. 1st Sept.	Royal Southern Y.C. Ladies' Race
Sat. 28th Sept.	Annual General Meeting

### NOTES

1. Points gained in numbered class races only will count towards the Championship.
2. In all numbered class races, a block entry will be made by the Hon. Secretary. Entries for other class events should be sent direct to the organising Club.
3. After class races, and in addition to any declarations that may be lodged with the organising club, declarations must be sent to Mr. Hugh Evans, "Amazon", Cubitts Yacht Basin, Hartington Road, London, W.4. within 72 hours of finishing. Points towards the Championship will not be awarded unless these declarations are received within the stipulated time.
4. For a full list of additional races for which S.C.O.Ds. are eligible, see the R.Y.A. and S.C.R.A. Fixture Lists.
5. An explanation of the Points System is given below.

### POINTS SYSTEM 1957.

In races of under 30 miles the points are awarded as follows:- Each yacht obtaining bonus points in the table below will receive the same number of points, with a minimum of 10, as there are starters in the race, plus the bonus points shown in the table.

<u>Position in the race</u>	<u>2/3 Starters</u>	<u>4/5 Starters</u>	<u>6/7 Starters</u>	<u>8 Starters and over</u>
1st	2	5	9	14
2nd	-	2	5	9
3rd	-	-	2	5
4th	-	-	-	2

The first yacht not qualifying for a bonus will receive two points less than the total number of points of the lowest yacht earning a bonus, and yachts below her will each receive one point less than the one above.

In races of 30 miles or more the points calculated by the above system will be multiplied by a factor based upon the length of the race, as follows:- 30-70 miles, 1.25; 70-125 miles, 1.50; 125-200 miles, 1.75.

Each yacht starting but not finishing a race of over 30 miles will receive one point. Each yacht that started in a race (except those giving up in a race of under 30 miles) will be allotted points but only the best eight races in which a yacht competes will count towards the Championship.

Designed by C. A. NICHOLSON
